A photographically illustrated, all-ages general reader guide to more than 40 species of native and common snakes in California.

CACTUS OF THE SOUTHWEST
ISBN: 9781591935827, Retail: \$9.95
Publisher: Adventurekeen
Authors: Rick Bowers, Nora Bowers
Pub Date: 8/16
Format: Spiral bound softcover with tabs

When you're out and about, keep this tabbed booklet close at hand. Featuring only Southwest cacti of Arizona, California, Nevada, New Mexico, Utah, Colorado and Texas, the booklet is organized by group for quick and easy identification. Narrow your choices by group, and view just a few cacti at a time. The pocket-sized format is much easier to use than laminated foldouts, and the tear-resistant pages help to make the book durable in the field.

COASTAL LIFE OF THE PACIFIC COAST
ISBN: 9781647553944, Retail: \$9.95
Publisher: Adventure Publications
Author: Stephanie Panlasigui
Pub Date: 5/24, Format: Spiral

Beaches are the borders between two vastly different ecosystems. As such, they are teeming with a variety of fascinating life. Whether you're a tourist on vacation or a local resident on a day trip, keep this tabbed booklet close at hand. Written by expert naturalist Stephanie Panlasigui, it features more than 100 of the most common and important animals and plants to know—from birds and fish to crabs, sharks, and more! Plus, the booklet includes other beachcombing finds—like seashells and sea glass—as well as a quick guide to tidepools.

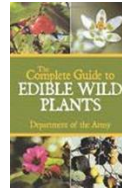

COLONY OF SEALS
ISBN: 9780976613404, Retail: \$8.95
Publisher: London Town Press
Author: Vicki Leon
Pub Date: 11/05, Format: SC

A Colony of Seals is a photo-and-text book on some of nature's most engaging sea creatures.

CONSTELLATION FINDER
ISBN: 9780912550268, Retail: \$5.95
Publisher: Nature Study Guild
Author: Dorcas S. Miller
Pub Date: 5/05, Format: SC

A guide to patterns in the night sky, with star stories from around the world. Most useful for stargazing between the 30th and 50th parallels in the northern hemisphere. In North America, this includes the contiguous United States (except the Florida peninsula and southernmost Texas), and southern Canada.

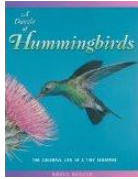

COMPLETE GUIDE TO WILD EDIBLE PLANTS
ISBN: 9781602396920, Retail: \$12.95
Publisher: Skyhorse
Contributor: Department of the Army
Pub Date: 6/09, Format: SC

Anyone who has spent serious time outdoors knows that in survival situations, wild plants are often the only sustenance available. The proper identification of these plants can mean the difference between survival and death. This book describes habitat and distribution, physical characteristics, and edible parts of wild plants—the key elements of identification. Hugely important to the book are its color photos. There are over one hundred of them, further simplifying the identification of poisonous and edible plants. No serious outdoors person should ever hit the trail without this book and the knowledge contained within it.

CRITTERS OF CALIFORNIA: Pocket Guide to Animals in Your State
ISBN: 9781647554989, Retail: \$7.95
Publisher: Adventure Publications
Author: Alex Troutman
Pub Date: 5/25, Format: SC

Get the perfect kids' introduction to California's mammals, birds, reptiles, and amphibians. *Crittters of California* is your wildlife pocket guide that's informative, concise, and easy to use. Written by wildlife biologist Alex Troutman, this handy book presents 65 critters of the Golden State—if an animal is in this book, it's found in California. Each species is showcased in a professional-quality photograph that's paired with such neat-to-know details as habitat, range, and preferred food sources. Illustrations of the critter's tracks complement the information, and a "Did You Know?" paragraph provides fascinating trivia worth sharing with family, friends, and teachers. *Crittters of California* includes important-to-know mammals, birds, reptiles, and amphibians.

DAZZLE OF HUMMINGBIRDS:
The Colorful Life of a Tiny Scrapper
ISBN: 9780966649079, Retail: \$7.95

Why do coyotes howl? What is the difference between a coyote and a dog? Where do coyotes live? What do they eat? How fast can they run? Learn the answers to these questions and many others in the easy-to-follow book. Concise text and colorful photos and illustrations help you learn about this iconic predator.

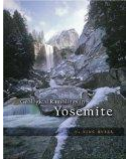

**FYLLING'S ILLUSTRATED GUIDE TO
PACIFIC COAST TIDE POOLS**
ISBN: 9781597143028, Retail: \$15.00
Publisher: Heyday Books
Author: Marni Fylling
Pub Date: 6/15, Format: SC

This scientifically accurate yet utterly charming field guide to the Pacific coast intertidal zone introduces readers to a world populated by spectacular wildlife: 150-year-old giant green anemones that paralyze their prey with their petal-like tentacles; sunflower sea stars that traverse the tide pool floor on twenty-four limbs; orange-tipped, opalescent sea slugs that dabble in cannibalism; and much, much more. Small enough to fit in a back pocket during a beach hike, the guide contains concise descriptions of tide pools' most common residents, noting each organism's size and zonation, as well as a few of its fascinating (and sometimes grotesque) habits. Full-color illustrations reminiscent of prints by Ernst Haeckel help tide poolers with easy identification.

**FREQUENTLY ASKED QUESTIONS
HUMMINGBIRDS, 2nd ed.**
ISBN: 9781583692240, Retail: \$8.99
Publisher: Western National Parks
Author: Rose Houk
Pub Date: 1/07, Format: SC

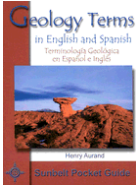

Concise text and colorful photos, illustrations, and charts help you learn about these tiny, fast-flying birds.

GEOLOGICAL RAMBLINGS YOSEMITE

KUMEYAAY ETHNOBOTANY: Shared Heritage of the Californias (reprinting 2027)
ISBN: 9781941384305, Retail: \$29.95
Pub Date: 10/17
ETNOBOTÁNICA KUMIAI

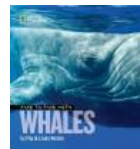

Spanish edition ISBN: 9781941384572, Retail: \$29.95
Pub Date: 5/20
Publisher: Sunbelt Publications
Author: Michael Wilken-Robertson
Format: SC

For thousands of years, the Kumeyaay people of northern Baja California and southern California made their homes in the diverse landscapes of the region, interacting with native plants and continuously refining their botanical knowledge. Today, many Kumeyaay Indians in the far-flung ranches of Baja California carry on the traditional knowledge and skills for transforming native plants into food, medicine, arts, tools, regalia, construction materials, and ceremonial items. *Kumeyaay Ethnobotany* explores the remarkable interdependence between native peoples and native plants of the Californias through in-depth descriptions of 47 native plants and their uses, lively narratives, and hundreds of vivid photographs. It connects the archaeological and historical record with living cultures and native plant specialists who share their ever-relevant wisdom for future generations.

NATIONAL GEOGRAPHIC Backyard Guide to the Night Sky (NO LONGER AVAILABLE)
ISBN: 9781426202810, Retail: \$21.95
Publisher: National Geographic
Author: Howard Schneider
Pub Date: 7/09, Format: SC

Stargazing's too much fun to leave to astronomers. This National Geographic book brings the solar system, space, stars, science, and planets to life in your own backyard, inspiring us to look up and understand the heavens above. Authors Howard Schneider and Patricia Daniels take an expert but easygoing approach that doesn't overwhelm—it invites.

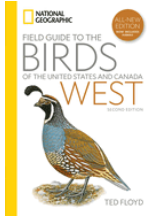

NATIONAL GEOGRAPHIC Face to Face with Whales
ISBN: 9781426306976, Retail: \$6.95
Publisher: National Geographic
Author: Flip Nicklin, Linda Nicklin
Pub Date: 8/10, Format: HC

You slip over the side of your boat, descending deep into the dark realm of the Earth's largest creature. Then the whale starts to sing, just feet away from you. Photographer Flip Nicklin brings you face to face with whales as they communicate, nurse their young, and surface dramatically for air. Learn of the different kinds of whales, discover how we can aid their recovery from years of overhunting, and how we can protect their environment.

NAT GEO KIDS GREAT MIGRATIONS: Whales
ISBN: 9781426307454, Retail: \$4.99
Publisher: National Geographic
Author: Laura Marsh
Pub Date: 10/10, Format: SC

Over the course of their 70-year lifespan, sperm whales will easily travel the circumference of the Earth in search of food and the need to breed and find a mate. Males will travel as far north as the Bering Sea and as far south as Antarctica in order to find enough food to sustain their ways of live—up to 700 squid a day! Along the way, these massive beasts battle 30-foot-long giant squids, and each other, to sustain their ways of life.

NAT GEO KIDS Everything Dolphins
ISBN: 9781426308420, Retail: \$12.95
Publisher: National Geographic
Author: Elizabeth Carney
Pub Date: 2/12, Format: SC

Dolphins are fascinating creatures of the sea! They're designed to be intelligent, inquisitive, and compassionate. Their slender bodies and pointed noses combined with the ability to swim gracefully and communicate effectively make these mammals one of the most loved animals in the natural world. *Everything Dolphins* explores the world of these extraordinary creatures to help kids learn all about the characteristics that define dolphins, their daily lives, different species, conservation efforts, and much more.

A Quick Field Guide to Tidepools of the Pacific Coast is a handy, spiral-bound, heavy-laminated field guide that will help you identify the exciting flora and fauna of this stunning ocean environment.

**RISE AND FALL OF SAN DIEGO:
15 Years of History Recorded in
Sedimentary Rocks, 2nd ed.**

ISBN: 9781941384770, Retail: \$19.95
Publisher: Sunbelt Publications
Authors: Patrick L. Abbott
Pub Date: 8/25, Format: SC

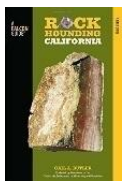

Rise and Fall of San Diego tells the prehistory of the San Diego area as recorded in the layers of sedimentary rocks. The land here has risen and fallen independently from the sea level which also has risen and fallen. The ever-changing landscapes and animal life through time are examined in this book. Numerous field-trips direct the reader to key localities to observe and understand the history stored in the rocks.

ROCK-ART OF THE SOUTHWEST

ISBN: 9780899972589, Retail: \$14.95
Publisher: Wilderness Press
Authors: Liz Welsh, Peter Welsh, Jerry White
Pub Date: 10/00, Format: SC

The who, what, where, when, and how of rock-art. This richly illustrated book will guide you to 28 outstanding rock-art sites in seven states, and teach you about art styles and the cultural groups that created them. Includes a resource guide to continue your exploration.

**ROCKHOUNDING CALIFORNIA: A Guide
to the State's Best Rockhounding Sites**

ISBN: 9780762771417, Retail: \$14.95
Publisher: Falcon Guides
Author: Gail Butler
Pub Date: 6/12, Format: SC

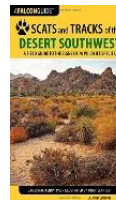

Although known for its gold production, California is a virtual haven for rock and gem collectors. With this informative guide, you can explore the mineral-rich desert regions, comb tide-washed beaches for jade, agate, abalone, fossilized whale bone, and prospect in the mountains and hills for gold, copper, and other minerals and gems.

**ROCKS & MINERALS OF THE US
QUICK GUIDE**

ISBN: 9781591934967, Retail: \$8.95
Publisher: Adventurekeen
Author: Dan Lynch
Pub Date: 5/14
Format: Spiral bound softcover with tabs

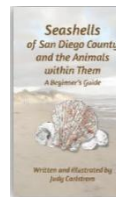

Keep this tabbed booklet close at hand on your next rock-hunting adventure. Based on Dan and Bob Lynch's best-selling field guides and featuring 60 of the most common rocks and minerals in the country, the booklet is organized by rocks/minerals and then by general appearance for quick and easy identification. Narrow your choices by appearance, and view just a few specimens at a time. The pocket-sized format is much easier to use than laminated foldouts, and the tear-resistant pages help to make the book durable in the field.

**SCATS & TRACKS DESERT SW, 2nd
Edition**

ISBN: 9781493009930, Retail: \$12.95
Publisher: Falcon Guides
Author: James Halfpenny
Pub Date: 9/15, Format: SC

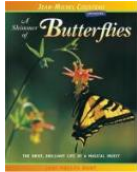

Whether you're on the lookout for a kit fox, or trying to steer clear of a bear, *Scats and Tracks of the Desert Southwest*, by nationally renowned tracker and author Dr. James Halfpenny, helps you recognize what critters went before you and is a primer for reading the stories written in the sand. Easy-to-use and accurate scat and track measurements on each page make this book particularly field friendly and the key to starting off your outing on the right foot!

**SEASHELLS OF SAN DIEGO COUNTY
AND THE ANIMALS WITHIN THEM**

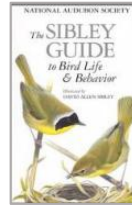

ISBN: 9781941384756, Retail: \$12.95
Publisher: Sunbelt Publications
Author: Judith Carlstrom
Pub Date: 8/25, Format: SC

Seashells of San Diego County and the Animals Within Them is a simple guide for identifying the most commonly found shells along San Diego County's beaches. In addition to drawings that will aid in identifying each shell, the reader will learn curious facts about the lives and behaviors of the animals that once lived within them. Bring the book with you to the beach to further enhance your enjoyment and appreciation of a hidden life beyond the tideline.

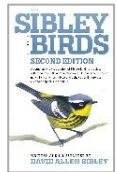

SHIMMER OF BUTTERFLIES
ISBN: 9780966649062, Retail: \$7.95
Publisher: London Town Press
Author: Joni Phelps Hunt
Pub Date: 5/05, Format: SC

Nothing is more beautiful than a field covered with monarch butterflies, in fact, a field full of any butterfly species is quite magical. Recognized across cultures as a symbol of hope and rebirth, the lovely creature is the subject of *A Shimmer of Butterflies*. A photographic trove for young readers, the book focuses on the butterfly's amazing life cycle.

Renowned bird illustrator David Sibley is the author and illustrator of this comprehensive guide. Includes descriptions of 650 western species and 4600 full-color illustrations.

SPIDERS OF THE UNITED STATES & CANADA

ISBN: 9781647553463, Retail: \$9.95
Publisher: Adventure Publications
Author: Sebastian Alejandro Echeverri
Pub Date: 5/24, Format: Spiral

Some people love them, while others fear them. However, one thing is certain: spiders play an essential part of a healthy ecosystem. They are key predators of insect pests—like fleas and mosquitoes—and they serve as prey for beloved animals such as birds. If you see spiders in your area, keep this convenient guide close at hand. Designed for ease of use, the spiral-bound booklet is organized by type of spider web for quick identification. Narrow your choices by the web you see, and view just a few spiders at a time. Plus, you'll also find sections for spiders that don't utilize webs. The professional photographs showcase more than 150 species.

TASTE OF NATURE: Edible Plants of the Southwest and How to Prepare Them

ISBN: 9780964460515, Retail: \$16.00
